

NONVERBAL NARRATIVE PLANNING DOC

Nonverbal Narrative “Elevator Pitch”

You will need to write a succinct overview of your narrative. You should look to include some of the following information: protagonist(s)/antagonist(s), setting, conflict, climax, resolution. You might start by brainstorming and listing out the ideas related to your story first, and then look to summarize them into the 30-second preview. I will need to approve this pitch before you move on to the more in-depth planning

MY PITCH:

Nonverbal Narrative Storyboard

Below, you will plan out the main points of each part of your plot as well as some ideas for how you might bring them to life.
